

Roy Blunt, Your Pro-Life Candidate for U. S. Senate

*Missouri Right to Life PAC,
National Right to Life PAC
Proudly Endorse
Roy Blunt for U. S. Senate*

Pam Fichter, MRL President:

“Roy Blunt has proven he has the experience and knowledge to stand up for the sanctity of human life. As America faces the challenges ahead, Missouri needs a Senator who understands these issues and has consistently demonstrated his pro-life commitment.”

National Right to Life’s David O’Steen, Executive Director, Douglas Johnson, Legislative Director, and Karen Cross, Political Director wrote to Roy Blunt:

“You are a strong advocate for life: you support pro-life legislation and you vote against the use of federal funding for elective abortion. The countless Americans who respect the sanctity of human life appreciate your willingness to serve. This willingness to take up the fight for life makes us proud to endorse you in the upcoming election.”

Roy Blunt’s ultra pro-abortion opponent, Robin Carnahan, has been endorsed by radical abortion-industry groups Planned Parenthood Action Fund and Emily’s List. Robin Carnahan’s support for abortion is so extreme, Emily’s List has given her U.S. Senate campaign nearly \$600,000, the most of any current U.S. Senate candidate.

“People often say that, in a democracy, decisions are made by a majority of the people. Of course, that is not true. Decisions are made by a majority of those who make themselves heard and who vote - a very different thing.”

*~ Walter H. Judd, M.D.
U. S. Congressman 1943 - 1963*

VICTORY IS IN YOUR HANDS

More than autumn is stirring in the air. I know you've felt it, too. Friends and neighbors who have never wanted to talk about politics can speak of nothing else. This election has generated more energy and attention than any non-presidential election in my memory.

The Obama administration and the Pelosi/Reid leadership have inflicted an unprecedented deluge of anti-life appointments and laws upon the American people, and they are paying attention. The most egregious example, the health care reform legislation, included abortion coverage and health care rationing for the elderly. Anti-life members of Congress hope to repeal the Dickey-Wicker Amendment, which prevents taxpayer funding of embryo-destroying research, and enact the Burris Amendment, which allows abortion in military facilities. The battle for life has never been more intense, and public opinion is on the side of life.

A Gallup poll from last May shows that for the third year in a row more Americans call themselves "pro-life" than "pro-choice." A poll by International Communications Research shows that 47 percent of Americans oppose federal funding of embryonic stem-cell research, while 38 percent support such funding. All major polls on the Obama health care legislation show an overwhelming majority want it repealed. Pro-life candidates lead in polls across the country.

But polls are not votes. We cannot take victory for granted. We need to implement a plan of action:

- Copy and distribute the enclosed voter guide to friends & family. (see below for "Guidelines for Distribution of Voter Guides")
- Volunteer to work for MRL PAC-endorsed candidates in your district. Tell them you're an MRL member.
- Vote absentee if you're going to be away on November 2.
- Offer to drive someone to the polls or to babysit so mothers of young children can vote more easily.
- Call your friends, family, and neighbors on election day and remind them to vote.
- Pray and fast for pro-life victories.
- **Send a check today to Missouri Right to Life in the enclosed envelope.**

A pro-life majority in Washington can turn the tide on the anti-life attacks of the last two years. A pro-life majority in Jefferson City will help us build on past successes and continue the ongoing battle against funding of unethical research.

Victory is in your hands.

Pam Fichter

GUIDELINES FOR DISTRIBUTION OF VOTER GUIDES

Inserted in this *MRL News* is a one-page, two-sided voter guide with all MRL PAC endorsements. This is in addition to pages 3 - 6 of candidate ratings and endorsements. Please copy and share this insert with those who respect the sanctity of human life. It should be distributed only at events where the vast majority of attendees are pro-life. It should not be distributed at shopping malls, grocery and discount stores, etc. It should not be distributed at polling places. Distribution cannot be sponsored by a church because it contains candidate endorsements. It can be handed out to church congregations after church on public property.

STICK WITH THE NAME BRAND ... FOR LIFE!

Dave Plemmons, Missouri Right to Life PAC Chair

Work in the grocery business, so for many years I have been keenly aware of what branding means and why customers choose the products they want for their families. Most of the time they will choose a name brand over a generic one (we prefer the term “private label”) unless money is really tight.

At times, the private label product is just as good. Sometimes people actually will avoid certain labels due to a bad experience and gravitate to others when recommended by advertising, peer reviews, or a price too good to pass up. But you have to be vigilant to keep your family safely fed.

Missouri Right to Life is the longest serving, most experienced, most thorough, and most grassroots of any pro-life organization in the state. No other group has the depth of historical knowledge, legislative expertise, and political acumen that MRL collectively owns. But this column is not about tooting horns . . . it’s about integrity and honesty.

Missouri has a few generic (private label) so-called pro-life groups that have made

appearances in the last few years during election seasons. What many people do not realize is that several politicians that choose to vote AGAINST the truly pro-life position during the legislative session don’t want their pro-life constituents to see those bad records. So up rise the Pro-Life Private

“ *Missouri has a few generic ... so-called pro-life groups that have made appearances in the last few years during election seasons.* ”

Labels (PLPLs) to help them out. Several legislators who support embryonic research, including clone-and-kill experimentation, want to fool you into thinking they are endorsed by a real pro-life group.

Are the PLPLs there during the legislative hearings when MRL is often the only one testifying on behalf of Life? No.

Are the PLPLs there when MRL tells legislators that it’s a “bad vote” unless there is protection for human embryos in an

economic development bill? No.

Do the PLPLs have chapters and regions that are working on the local level, speaking to voters, volunteering at booths, writing letters to the newspapers? No.

Do PLPLs monitor all legislative votes and reflect those votes in their endorsement criteria? No.

Don’t be fooled by a generic label. If candidates are endorsed by Missouri Right to Life, it is because they have a proven record (current legislators) or have been researched to the best of our ability (new candidates/challengers). If you see “Endorsed by ____” with a name that sounds similar to Missouri Right to Life, proceed with skeptical caution. Check our MRL PAC website, www.missourilifepac.org, to be sure which candidates are truly endorsed by the MRL Political Action Committee. If you are so led, please consider supporting Missouri Right to Life with your generous donations.

And, if that Private Label smells when you open it . . . do not consume! Lives depend on it.

VICTORY AND CHALLENGES

On the state and national levels, we have seen highs and lows in the last few months. Missouri Right to Life has been your voice to accomplish victories and your voice to challenge those who seek to destroy innocent human beings. At the national level, we have been dealt the blow of federal funded abortions in health care, warded off -- for a while at least -- the demand that military hospitals offer abortion, watched the appointment of two pro-abortion women to the U.S. Supreme Court, and seen President Obama expand federal funding of embryonic stem cell research.

If you think elections don't matter, contrast Washington to Missouri. While Washington politicians attack innocent human life, Missouri legislators, working closely with MRL, passed the largest expansion of informed consent since the 2003 women's right to know law.

The General Assembly also passed legislation that prevents abortion coverage in federal health insurance exchanges in Missouri.

The new legislation requires that a woman be offered an ultrasound and be given information that says, "abortion will terminate the life of a separate, unique, living

human being," and shows the incremental development of her baby. The pregnant woman will be given information that tells of the father's liability/financial responsibility for the baby she is carrying, and she will be given information about the Alternatives to Abortion Program.

Missouri Governor Jay Nixon allowed this legislation to go into law on August 28, 2010. Thank you, Governor Nixon!

This victory in Missouri is because people consider very carefully whom they vote into office. Who will be their voice in Missouri as well as Washington?

Two bottom-line questions for all of us as we talk to politicians, either running for office or in office are, "Are you pro-life?" and "Are you with Missouri Right to Life?"

In order to accomplish a victory in protecting innocent human beings, we need pro-life people in Missouri and in Washington!

Missouri Right to Life is working hard for you!

Help Save Lives Every Time You Shop at Schnucks!

Now you can support the *Missouri Right to Life Education Fund* without even writing a check! The eScrip Program is a simple, automatic way to direct a percentage of your Schnucks* purchases to the MRL Ed Fund — every time you shop!

eScrip can direct tens of thousands of dollars into pro-life educational programs across our State. It's fast, easy, and free to use, so sign up [today](#).

- 1) Ask for an eScrip card from any Schnucks store; call to activate the card and direct its proceeds to "Missouri Right to Life Educational Fund, 65102." You may also obtain a card by calling MRL directly at (573) 635-5110 or (314) 434-4900.**
- 2) Present your eScrip card every time you check out at Schnucks, and the MRL Ed Fund receives a percentage of your purchase at no cost to you!**

Schnuck Markets are located across St. Louis, Washington, Columbia, Jefferson City and Cape Girardeau.

Save These Dates!

40 Days For Life/St. Louis
MRL-Eastern Region will participate on Saturday, Oct. 23, from 9 - 11 a.m. at Planned Parenthood in St. Louis Central West End. Please plan to come!

Missouri Right to Life Annual Membership Meeting
December 11, 2010, 10:00 a.m., MRL State Office, Jefferson City

Missouri Life Caravan
Sunday-Monday-Tuesday
January 23-24-25, 2011

Come along with us to Washington, DC for the 38th annual March for Life

For additional information, call MRL-Eastern Region, 314-434-4900, or visit the link on the MRL homepage at www.missourilife.org/index.html

"Show Me Life" Pro-Life Action Day
Missouri Capitol, Jefferson City
April 5, 2011

*Missouri Right to Life PAC Endorsements
and Candidate Ratings*

Vote Pro-Life Tuesday, Nov. 2nd!

This *Missouri Right to Life News* paid for in part by Missouri Right to Life state and federal Political Action Committees, Chelsea Zimmerman Treasurer. Not authorized by any candidate.

Special Thanks . . .

. . . to You!

For your faithful support of Missouri Right to Life in our joint mission to transform society to respect and protect all innocent human life. We are again reminded -- and remind you -- that with you, we change the world. With you, we restore our nation's respect for life. Without you . . . we can't do it. Remember, we're a family working together toward a magnificent goal!

. . . to State Rep. Therese Sander!

For her outstanding service to Missouri Right to Life and to the State of Missouri. Therese chaired the Northeast Region-MRL and was MRL state secretary for many years, then went on to become 22nd District State Representative. This year Therese is retiring from the Missouri House due to term limits. We're proud to call her one of our own!

. . . to Ron Wolken!

Anyone working for the right-to-life, either as a profession or as a volunteer, knows the challenges that are faced on a daily basis. Across the board, this effort usually involves too much work and too few volunteers or staff. While we have many generous donors, there is always so much more we could accomplish with an increase in funding. And, as with any battle in which we are fighting the forces of evil, complications, challenges and spiritual difficulties are a common occurrence.

Sometimes, into the fray steps an angel. For the last 30 years or more, one of Missouri Right to Life's angels has been Ron Wolken, owner of Jeff- City Printing. Since the early years, Ron and Jeff-City Printing have taken care of MRL's printing needs. Not only has he been a knowledgeable and trusted professional in printing operations, he has been an advisor, a sounding board, and a faithful donor. If there were ever extraordinary projects whose deadlines arrived before the funding, we always knew that Ron would be patient for the payment. Ron always knew that lives were at stake.

And now, after selling his business and continuing to represent MRL at Brown Printing, Ron is retiring. He has been a faithful friend and will be sorely missed. But even in retirement, we know that Ron will continue his friendship and relationship with Missouri Right to Life.

Thank you, Ron. And God's blessings on your well-deserved retirement!
