Continued on Back

Appropriation Bills:

- Continued funding for the Alternatives-to-Abortion Program.
- Continued funding for Show-Me Healthy Babies Program.
- Continued Defunding of Planned Parenthood from receiving any State Tax Dollars.
- Discontinuing the contract with any agency that receives our Federal Tax Dollars and then disburses them to Planned Parenthood.
Note: There are Federally Qualified Health Centers and State Health Facilities that offer a broader range of services for women's healthcare without subsidizing abortion services with our tax dollars.
- Legislative limits so that state funding does not subsidize abortion, research involving human embryos, fetal tissue harvesting or human cloning.
Note: I urge the Missouri Legislature to place the clear pro-life protections of 196.1127 in Life Sciences Research Appropriations & Economic Development bills where innocent human lives are in danger.
